

## MADISON BAPTISTS EXCEED THEIR QUOTA

Both First and Calvary Churches  
"Go Over Top" and Berea and  
Others Are "Way Over"

On the first day of Victory Week, which was yesterday, the First Baptist Church went far beyond its quota in the 75-Million Dollar Campaign. It was the greatest day in the history of the church as it doubtless was among thousands of churches in the south.

The services of the church were of an unusual character Sunday morning, there being no set program for the occasion. After the usual preliminary services, consisting of songs, prayers, and scripture reading, the pastor, Dr. O. Olin Green, announced that he would take a text but would not preach a sermon; that he had preached enough about the 75-Million Dollar Campaign and now that it was time for the people to say something. He said that he had been preaching to them to walk by faith and now that he proposed to practice a little of what he had been preaching and proceeded to give his own subscription which set a high mark for the whole church to shoot at and started the work off with an enthusiasm and zest that could possibly have come in no other way.

This seemed to electrify the members who were present and a rapid succession of subscriptions were given so that organizer, L. P. Evans, was kept busy writing down the names. In a very short time the figures had reached nearly \$9,000. Pledge cards were passed and the amounts were signed up and the members went away feeling happy over the events of the hour.

But this was not all, at two o'clock the teams and their captains met at the church for the purpose of finishing up the work and when they reported at the church at seven o'clock it was found that about \$11,000 had been raised and not all the members had been seen as yet. The church's quota is \$7,500. It was decided that all above the quota should go to Oneida Institute.

In view of the fact that the church is now raising a large amount of money for the proposed new church building it was a remarkable contribution which the church made.

The other churches throughout the Tate's Creek Association are likewise going beyond their quotas, the largest excess being that of Berea. Its quota is \$7,500 and it actually raised \$16,000. The Mt. Tabor church at Paint Lick has reached \$7,700. This is the largest amount for any country church in the Association so far. Waco has gone considerably beyond its quota which was \$800. Liberty church has raised \$3,700, which is a good margin over its quota. Calvary church, Richmond, has gone beyond its quota of \$625, having raised over \$800.

It has been difficult to get full reports from the whole Association because the wires are out of commission in the lower part of the county, especially in Garrard and Lincoln counties, so that communication has been rendered difficult.

Just before the service got under way at the First Baptist church Sunday morning, the following letter was read to the congregation, which was received with warmest expressions of appreciation and gratitude at the brotherly and christian spirit displayed:

## THE MARKETS

Cincinnati—Porkers 50c higher; Chicago higher; cattle strong; calves and lambs steady.

## HIGH TOBACCO SALES REPORTED

"Bulls" Are Busy On Weed Market On Eve of Opening of Loose Leaf Floors

Reports of tobacco sales that are "out of sight" are floating around the county on the eve of the opening of the tobacco markets this week. Lexington markets open Tuesday, the 2nd, and on the following day, the great Richmond markets will be thrown open. Many tobacco men from here will go to Lexington Tuesday to witness the opening there and get a line on prices that may be expected when the weed goes on the auction block here Wednesday morning.

A report was current around town Monday morning that Tom Baldwin, Jr., had refused 90 cents a pound for a barn of his tobacco. The offer was said to have been made by Vernon Leer, but up to the hour of printing this issue, the Daily Register was unable to locate either gentleman to confirm or deny the report.

The "pinhooking" firm of S. A. D. Jones and Lige Sanders, bought a barn of weed from Jas. B. Deatherage at 40 cents a pound late Saturday.

E. E. Estes, of the Paint Lick section, who was in town Saturday to have the Daily Register print some sale bills, said that he had just refused an offer of 50 cents a pound for 20,000 pounds. He said the offer was made by Rogers & Woods, of Paint Lick. Elmer Deatherage and Mit Ross made a trip to Henry county late last week to look at 100,000 pounds of weed, but they did not make a deal.

Although all concede that the market is going to be unusually high, some fear that exaggerated values are being placed on crops before the opening of the market, and fears are expressed that "somebody is going to get stung" if they don't watch out.

## BABY SON PASSES AWAY SUDDENLY

Little Ora Edmond McKinney, 3-month-old son of Mr. and Mrs. John Walker McKinney, died very suddenly Sunday night. The cause said by physicians was heart trouble. Mr. and Mrs. McKinney were returning from Lexington, and it is thought the child expired just a few minutes before reaching home, about 8:30 o'clock. The shock to the parents is inexpressibly sad, as the little one had shown no sympathy of illness. Funeral services were conducted Monday afternoon at 2:30 o'clock, at the residence of its grandparents, Mr. and Mrs. J. R. McKinney on Third street. The sympathy of everyone in the community is extended to the young parents in their sorrow.

## CONGRESS MEETS IN REGULAR SESSION

Peace Treaty Again Expected To Be Principal Bone Of Contention For A While

(By Associated Press)

Washington, Dec. 1.—Many months' work on a great variety of important subjects, international and domestic, were before the 66th Congress when it met for its second and "regular" session, which was expected to close only with the presidential campaign next fall.

Members of both Senate and House returned to work with only ten days' rest, since the adjournment of the extraordinary session which ended Nov. 10 when the peace treaty failed of ratification in the senate.

Besides legislative recommendations, President Wilson's message is expected to deal with international relations and particularly with the treaty of Versailles. While early ratification of the treaty with compromised reservations was expected by many senators, with hopes of action before the new year, leaders believed the issues involved would be carried into the presidential campaign.

Politics is due to play a large part in the events of the new session, the last before the nominating conventions next summer and the final campaign in the fall. Leaders propose to have congress recess for the conventions and work through afterward into October.

Enactment of legislation is expected to begin immediately. The senate today had pending, with privileged status the Cummins railroad bill with its provisions against strikes and for return of the railroads to private ownership. In the House, the bill to restrict immigration and provide for deportation of alien radicals was first on the calendar. The House probably will be occupied largely with the appropriation bills for many weeks and leaders hope to enact several measures before the holiday and adjournment to begin about Dec. 20 and continue to Jan. 5.

Long debate on the railroad bill in the senate was anticipated and leaders had little hopes of its enactment before Jan. 1, the date on which the President has said the roads would be returned to private operation. A temporary resolution continuing guaranteed compensation for the carriers until permanent legislation is completed will be passed if necessary.

Among the measures expected to be completed this month are the oil, coal, gas and phosphate land leasing bill and the Edge measure authorizing formation of corporations to finance American export trade. Both bills are now in conference.

Besides the treaty of Versailles several other treaties are pending and promise to evoke long senate debate. Three treaties, one guaranteeing assistance to France in event of German aggression, that establishing Poland and the long-pending \$25,000,000 and the long-pending \$25,000,000 Colombian pact, are pending before the Foreign Relations Committee.

The peace treaty with Austria also is expected to be ready for transmission by the President soon. The committee also has before it the resolution of Republican Leader Lodge proposing that congress, by concurrent resolution, declare the war with Germany ended. This will be fought vigorously by the administration. Early actions on the French treaty is not planned by the committee majority but the Polish treaty, the leaders say, will be pressed.

New investigations proposed in the senate include that into the print paper situation and into charges by Senator Watson, of Indiana, that socialists and radicals are in the employ of the Federal Trade Commission. The senate Privileges and Elections Committee plans to take up the contest filed by Henry Ford against the election of Senator Newberry, Republican, of Michigan.

Senate democrats are to hold a conference this week to elect a leader to succeed the late Sena-

## MIKE BUCKLEY DIES IN HAVANA, CUBA

Relatives here have heard with sorrow of the death at Havana, Cuba, of Mike Buckley, who went there with the stable of B. A. Jones, the Missouri horseman, a few weeks ago for the opening of the racing stable. Mr. Buckley was a native of Richmond, but left here about 20 years ago for Lexington where he began training horses at which he was most successful. Many years ago he was with the stable of "Lucky" Baldwin in California.

His wife, who was Miss Lillian Hazelwood, of this county, and two sons, Hugh and James survive, as well as three sisters, Mrs. J. L. Griggs, of Louisville, Mrs. James Pearson, of Lexington, and Miss Hannah Buckley, of Lexington. A brother was the late W. D. Buckley, of Richmond.

## FIVE BILLIONS NEEDED TO RUN COUNTRY

Greatest Expense In Peace Time History of Country Confronted In Needs For Next Year

(By Associated Press)

Washington, Dec. 1.—The billion dollar Congress of ordinary times faded into the past today when Secretary Glass presented his annual estimates proposing appropriations of practically five billion dollars for conducting the peace time activities of the government, during the fiscal year 1920. According to these figures it will cost more than five times as much to conduct the peace time affairs of the government as it did in the year immediately preceding the world war.

The greatest individual expenditures go to the army and navy. The yearly interest on the war debt, however, a billion dollars, is greater than all appropriations for all purposes of any peace time Congress. In round numbers the army gets nine hundred million dollars and the navy five hundred million dollars.

## SOCIALIST LEAVE ITALIAN CONGRESS

The cast includes many well-known and interesting farceurs, prominent among them are Miss Hazel Shannon, Harry Shannon, Jr., H. C. Loubier, Howard Wynd, and twenty others. The Shannon Stock Company carries their own superb band and orchestra, together with all special scenery for each and every production.

## Watch the Little Pimples; They are Nature's Warning

Unsightly and Disfiguring Signs of Bad Blood.

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, and other skin disorders that burn like flames of fire. They mean that your blood needs S. S. ## GRIDER TO HEAD EPISCOPAL DRIVE

Richmond's Quota Of \$302,172 Asked Of Lexington Diocese To Be Announced Soon

W. H. Grider has been appointed chairman in the Richmond parish to aid the campaign to raise \$302,172 in the three years in the Lexington Diocese of the Episcopal church. The canvass here is a part of the nationwide campaign to further the interests of the church. Mr. Grider will be glad to explain to any interested, the work that will be done, how the money is to be pledged, and give any further information concerning the work. It is believed that Richmond will be prompt in pledging its share in this great movement. The amount asked in each parish is comparatively small. The local quota will be announced in a few days.

In 1919, the Lexington Diocese has received from the Board of Missions \$6,000 and contributed to the board just \$2,911.50. See what a difference there is in what has been given and what has been received? In 1920, the Lexington Diocese expects to receive from the Missions Board \$95,618.64, and it is asked to contribute only \$18,935. Plain figures show the Lexington Diocese receives more than it gives.

The funds raised in this campaign will go toward increasing the general work of the church all over the Diocese, for development of Margaret College for Girls, at Versailles, and St. Johns' Institute and Westworth farm, at Corbin. It is hoped to place three new diocesan missionaries in the field and to build a community home for the negro congregation of the St. Andrew's church, Lexington.

The work of the church is spreading, and its influence is daily growing in power. But it must have help, just a sane other movement must. The record of the Episcopalian Institutions in this Diocese is one to be proud of anywhere, and the scope of its activity is unlimited.

## BUSH GETS HOME WITH SHREWSBERRY

Deputy Sheriff Sant Bush got in Sunday night with Charles Shrewsberry, who went to Key West, Fla., without informing his family of his intentions or his whereabouts. The young man is believed to have been ill, and a physician went out to his home in the Kirksville section Monday to see him. Mr. Bush says that young Shrewsberry traded his car at Miami, and was planning to go to Cuba with a race horse man if a passport could be secured. He seemed mighty glad to get back to old Madison and remarked when he stepped off the train at the depot that he hoped never to see a railroad train again. Shrewsberry was not placed in jail by the authorities at Key West when arrested upon receipt of a wire from Sheriff Whitlock. He hired a policeman to guard him and saved him the indignity of going to jail.
